

Cisco Webex Contact Center Expert

Durée: 5 Jours **Réf de cours: CWCCE** **Version: 2.0**

Résumé:

This 5-day course provides a comprehensive discussion with hands-on activities to Cisco Webex Contact Center, covering its capabilities, architecture, and navigation. Participants will learn about licensed options, accessing the Contact Center, and PSTN options. They will also gain an understanding of the Webex Contact Center Partner Success Portal, Partner Gold Tenant, and customer onboarding phases, as well as the portal architecture with roles and licensing.

The course covers tenant profiles, including their components, contact center user types, and profile types for users. Participants will also learn about sites and teams, adding contact center users, and bulk tools. They will configure entry points, complex call routing strategies, and call control scripts, and define and demonstrate supervisory functions, including call monitoring and recording.

The course also covers digital channels, including web/live chat, Facebook Messenger, email, and SMS. Participants will learn about the digital channel flow and how to configure it. They will also gain an understanding of reports and dashboards using visualizations and how to generate custom reports within specified parameters. Finally, participants will learn about the Webex Contact Center support and escalation processes for troubleshooting.

Completion of this course is one of the recommendations for the WXCC Partner Specialization, in preparation for the WXCC Expert exam.

THIS CLASS REQUIRES YOU TO CONNECT TO A US-BASED PHONE NUMBER. IF YOU DO NOT HAVE EXISTING ACCESS, WE RECOMMEND THE USE OF INTERVOIP.COM, A LOW-COST SIP SOLUTION THAT WILL PROVIDE ACCESS TO US-BASED NUMBERS.

- What to offer as the most appropriate Webex CC solution(s)

Pré-requis:

Attendees should meet the following prerequisites:

- MUST have prior knowledge of Call/Contact Center Operations and/or Administration
- SHOULD have a basic understanding of Contact Routing and Reporting in an On-prem or Cloud based Call/Contact Center environment
- SHOULD have familiarity with applications and services available

Test et certification

Recommended as preparation for the following exams:

- **Webex Contact Center Expert Specialisation - Fast Track Exam**
The cost of the WXCC Expert FastTrack exam is included in the cost of the CWCCE training, but you will need to schedule your exam separately. Exam dates are available [here](#).

in the Cloud

- Possess multitasking skills regarding computer functionality, including the simultaneous use of the Ctrl-Tab keys

Each learner must have a PC/laptop with audio/video capability, preferably with the Webex app already installed. At least one PSTN-capable phone (cell phone) is required.

Although you will be using Webex Calling for Agent functionality, access to multiple PSTN phones will augment the understanding of the Webex Contact Center environment regarding routing calls to Agents – wherever they may reside.
