

EC-Council Artificial Intelligence Essentials (AIE) + Voucher d'examen

Durée: 2 Jours **Réf de cours: EC-AIE** **Méthodes d'apprentissage: Intra-entreprise & sur-mesure**

Résumé:

Artificial Intelligence Essentials (AIE) is a foundational AI literacy certification that builds practical understanding of AI and responsible use.

The Artificial Intelligence Essentials (AIE) Course is designed to prepare learners for the newly Artificial Intelligence Essentials (AI|E) exam. This hands-on program introduces professionals to core AI concepts, practical tools, and safe real-world applications. It equips learners to understand AI systems, use AI responsibly, and boost productivity across roles and industries

Participants will gain knowledge in understanding how AI systems work, where they are used, how they influence decision-making, and how they should be applied responsibly in everyday, professional, and organizational contexts. The course covers what AI is and what it is not, how data and models drive AI behavior, and how modern AI systems differ from traditional software. Learners develop the ability to interact effectively with AI tools, evaluate AI outputs with informed judgment, and apply responsible practices aligned with privacy, security, and global regulatory expectations.

By the end of the course, learners will be prepared to use AI confidently, safely, and productively while recognizing limitations, ethical risks, and broader societal impacts. It serves as a universal entry point before any technical, managerial, security, or governance specialization in AI.

Formation intra-entreprise

Cette formation est délivrable en session intra-entreprise, dans vos locaux ou dans les nôtres. Son contenu peut être adapté sur-mesure pour répondre aux besoins de vos collaborateurs. Contactez votre conseiller formation Global Knowledge ou adressez votre demande à info@globalknowledge.fr.

Public visé:

This course is ideal for those who need foundational AI skills, not just technical expertise.

Students & Early Learners: Build AI literacy and foundational knowledge before advanced technical AI tracks

IT Professionals & Engineers : Gain AI understanding to complement technical expertise or transition to AI-focused work

Non-IT Working Professionals : Acquire practical AI skills for business, operations, marketing, healthcare, or finance

Educators & Trainers : Integrate AI literacy into teaching and professional development

Entrepreneurs & Decision-Makers : Use AI responsibly to support innovation, strategy, and operational decisions

General Enthusiasts: Develop AI confidence for everyday life and career applications

Analysts, Project & Operations Managers: Learn how AI can support planning, analysis, and decision-making in everyday workflows

HR, L&D & People Professionals : Understand AI concepts and tools relevant to workforce planning, learning, and people operations

Objectifs pédagogiques:

- After this course participants should be able to:
- Understand how AI systems behave, generate outputs, and where they can fail
- Critically evaluate AI outputs for quality, accuracy, and ethical alignment
- Use AI tools effectively in real-world workflows
- Apply responsible AI practices aligned with ethical, privacy, and regulatory standards
- Build confidence to make informed AI-driven decisions across business, academic, and personal contexts

Pré-requis:

- There are no prerequisites for attending Artificial Intelligence Essentials (AIE).

Test et certification

- Artificial Intelligence Essentials (AIE) exam

Après cette formation, nous vous conseillons le(s) module(s) suivant(s):

Artificial Intelligence Essentials (AIE) is a foundational course and serves as the entry point to advanced AI certifications. Learners can progress to EC-Council's Certified AI Program Manager (CAIPM), Certified Offensive AI Security Professional (COASP), or Certified Responsible AI Governance & Ethics (CRAGE), depending on career goals.

- CAIPM - EC-Council Certified AI Program Manager (CAIPM) + Voucher d'examen
- COASP - EC-Council Certified Offensive AI Security Professional (COASP) + Voucher d'examen
- CRAGE - EC-Council Certified Responsible AI Governance & Ethics (CRAGE) + Voucher d'examen

Contenu:

Module 01 Introduction to Artificial Intelligence

- Understand AI evolution, milestones, and future directions
- Explore the collaboration between humans and AI
- Recognize data, algorithms, and models as the foundation of AI systems

Module 02 Everyday AI Tools and Use Cases

- Identify AI tools in daily life and the workplace
- Explore AI applications in manufacturing, transportation, education, and security
- Understand how AI improves productivity and decision-making

Module 03 Building Blocks of AI

- Understand AI models, ML, neural networks, NLP, and Generative AI (LLMs)
- Select appropriate AI tools for project needs

Module 04 Prompt Crafting for Effective AI Interactions

- Learn prompt engineering principles
- Structure effective prompts to generate accurate and useful AI outputs

Module 05 AI Ethics and Responsible AI

- Identify societal, ethical, and security concerns
- Apply governance, responsible practices, and global standards

Autres moyens pédagogiques et de suivi:

- Compétence du formateur : Les experts qui animent la formation sont des spécialistes des matières abordées et ont au minimum cinq ans d'expérience d'animation. Nos équipes ont validé à la fois leurs connaissances techniques (certifications le cas échéant) ainsi que leur compétence pédagogique.
- Suivi d'exécution : Une feuille d'émargement par demi-journée de présence est signée par tous les participants et le formateur.
- En fin de formation, le participant est invité à s'auto-évaluer sur l'atteinte des objectifs énoncés, et à répondre à un questionnaire de satisfaction qui sera ensuite étudié par nos équipes pédagogiques en vue de maintenir et d'améliorer la qualité de nos prestations.

Délais d'inscription :

- Vous pouvez vous inscrire sur l'une de nos sessions planifiées en inter-entreprises jusqu'à 5 jours ouvrés avant le début de la formation sous réserve de disponibilité de places et de labs le cas échéant.
- Votre place sera confirmée à la réception d'un devis ou "booking form" signé. Vous recevrez ensuite la convocation et les modalités d'accès en présentiel ou distanciel.
- Attention, si cette formation est éligible au Compte Personnel de Formation, vous devrez respecter un délai minimum et non négociable fixé à 11 jours ouvrés avant le début de la session pour vous inscrire via moncompteformation.gouv.fr.

Accueil des bénéficiaires :

- En cas de handicap : plus d'info sur globalknowledge.fr/handicap
- Le Règlement intérieur est disponible sur globalknowledge.fr/reglement
