

ISO/IEC 27002 Lead Manager (PECB certified)

Durée: 5 Jours Réf de cours: ISO27002LM Version: 2.0

Résumé:

The ISO/IEC 27002 Lead Manager training course enables participants to acquire a comprehensive knowledge and understanding of the implementation and management of information security controls based on ISO/IEC 27002.

Why Should You Attend?

The ISO/IEC 27002 Lead Manager training course enables participants to develop the necessary knowledge and skills for supporting an organization in effectively determining, implementing, and managing information security controls. The training course provides information that will help participants interpret the ISO/IEC 27002 controls in the specific context of an organization.

The PECB ISO/IEC 27002 Lead Manager Certification demonstrates that you have acquired the necessary expertise for determining adequate information security controls needed to treat the risks identified by a risk assessment process.

The training course is followed by an exam. If you pass, you can apply for the <PECB Certified ISO/IEC 27002 Lead Manager credential.

Public visé:

This training course is intended for: Managers or consultants seeking to enhance their knowledge regarding the implementation of information security controls in an ISMS based on ISO/IEC 27001 Individuals responsible for maintaining information security, compliance, risk, or governance in an organization IT professionals or consultants seeking to enhance their knowledge in information security Members of an ISMS implementation or information security team

Objectifs pédagogiques:

- Upon successfully completing the training course, participants will be able to:
 - Interpret the ISO/IEC 27002 information security controls in the specific context of an organization
 - Support an organization in effectively determining, implementing, and managing information security controls based on ISO/IEC 27002
 - Explain the approaches and techniques used for the implementation and effective management of information security controls
- Explain the fundamental concepts of information security, cybersecurity, and privacy based on ISO/IEC 27002
- Acknowledge the relationship between ISO/IEC 27001, ISO/IEC 27002, and other standards and regulatory frameworks

Pré-requis:

The main requirements for participating in this training course are having a fundamental understanding of ISO/IEC 27002 and comprehensive knowledge of information security controls.

- ISO27002F - ISO 27002 Foundation (PECB certified) - Examen inclus

Test et certification

Certification and examination fees are included in the price of the training course.

The information security activities should follow best implementation and management practices and include the following:

- Drafting an ISMS implementation plan
- Managing an information security implementation project
- Implementing information security processes
- Selecting information security processes
- Implementing information security controls

For more information about ISO/IEC 27002 certifications and the PECB certification process, refer to the [Certification Rules and Policies](#).

Contenu:

Day 1: Introduction to ISO/IEC 27002

Day 2: Information security roles and responsibilities, people controls, and physical controls

Day 3: Information security assets, access controls, and protection of information systems and networks

Day 4: Information security incident management and testing and monitoring of information security controls based on ISO/IEC 27002

Day 5: Certification exam

Méthodes pédagogiques :

Educational Approach The training course integrates both theory and practice by guidance and practical examples for the implementation and management of information security controls. The training course contains essay-type exercises and multiple-choice quizzes, some of which are scenario-based. Participants are encouraged to communicate and discuss with each other while partaking in exercises and quizzes. The structure of quizzes is similar to that of the certification exam.

Autres moyens pédagogiques et de suivi:

- Compétence du formateur : Les experts qui animent la formation sont des spécialistes des matières abordées et ont au minimum cinq ans d'expérience d'animation. Nos équipes ont validé à la fois leurs connaissances techniques (certifications le cas échéant) ainsi que leur compétence pédagogique.
- Suivi d'exécution : Une feuille d'émargement par demi-journée de présence est signée par tous les participants et le formateur.
- En fin de formation, le participant est invité à s'auto-évaluer sur l'atteinte des objectifs énoncés, et à répondre à un questionnaire de satisfaction qui sera ensuite étudié par nos équipes pédagogiques en vue de maintenir et d'améliorer la qualité de nos prestations.

Délais d'inscription :

- Vous pouvez vous inscrire sur l'une de nos sessions planifiées en inter-entreprises jusqu'à 5 jours ouvrés avant le début de la formation sous réserve de disponibilité de places et de labs le cas échéant.
- Votre place sera confirmée à la réception d'un devis ou "booking form" signé. Vous recevrez ensuite la convocation et les modalités d'accès en présentiel ou distanciel.
- Attention, si cette formation est éligible au Compte Personnel de Formation, vous devrez respecter un délai minimum et non négociable fixé à 11 jours ouvrés avant le début de la session pour vous inscrire via moncompteformation.gouv.fr.
