# PRINCE2® Practitioner 7ème édition - examen inclus

**Durée: 2 Jours**     **Réf de cours: P2P7**     **Méthodes d'apprentissage: Classe à distance**

## Résumé:

The primary objective of this practical training is to equip delegates with an extensive knowledge base and hands-on comprehension of the PRINCE2® 7th edition project management method. It also aims to assist participants in their preparation for the PRINCE2® Practitioner examination, which includes a web proctored exam voucher as part of the course fee.

PRINCE2® has evolved into the ultimate standard for best practice methodology in project-based work, and its 7th edition is perfectly aligned with the realities of today's world. As a result, an increasing number of employers are seeking certification for project leaders. Clients expect you to have a profound understanding of project management. This involves being familiar with the roles within a project organization and how communication channels are structured. Additionally, you are required to possess insight into how tasks are presented and delivered in the form of work packages. Moreover, you should be acquainted with the various processes, control mechanisms, and reports that hold significance in your field of work.

Organizations that have embraced PRINCE2® have reported heightened project success rates, bolstered control mechanisms, and a substantial boost in customer satisfaction. This training underscores the savvy utilization of the PRINCE2® framework within real projects, emphasizing tangible results and strategic implementation.
