

Service Integration and Management (SIAM®) Foundation

Durée: 3 Jours Réf de cours: SIAMF

Résumé:

Service Integration and Management (SIAM®) is an approach to managing multiple suppliers of services (business services as well as information technology services) and integrating them to provide a single business-facing IT organisation. This 2-day certification course covers themes such as: potential benefits as well as the challenges and risks of implementing SIAM®. The SIAM certification also includes examples of implementation structures, governance, tooling and data considerations and the common processes used in a SIAM ecosystem.

Public visé:

This certification is aimed at professionals worldwide who have an interest in the practices of Service Integration and Management or want to implement this methodology in an organization and in particular professionals who are already working with IT Service Management processes. Furthermore, this SIAM® certification is intended for providers that want to implement and manage Service Integration and Management models. More specifically, the following roles could be interested: Chief Strategy Officers (CSOs) Chief Information Officers (CIOs) Chief Technical Officers (CTOs) Service Managers Service Provider Portfolio Strategists/Leads Managers (e.g. Process Managers, Project Managers, Change Managers, Service Level Managers, Business Relationship Managers, Program Managers and Supplier Managers) Service Architects, Process Architects, Business Change Practitioners and Organizational Change Practitioner

Objectifs pédagogiques:

- You will be able to
- Understand the main concepts and processes of SIAM that are used in organizations;
- Establish a SIAM ecosystem in order to better organize the organization's resources;
- Provide better support during a SIAM implementation by understanding the main considerations for the most important processes;
- Reduce risks associated with Integrated Services and the SIAM ecosystem;
- Connect different practices with SIAM to boost and improve the organization's service provision.
- Integrate services by using different structures based on SIAM practices and methodology;
- Recognize the key stages of SIAM implementation in order to better plan its roll-out;
- Determine SIAM roles and responsibilities in processes and the organization;
- Better select the most appropriate SIAM practices in line with the organization's environment and maturity;

Pré-requis:

■

Test et certification

Autres moyens pédagogiques et de suivi:

- Compétence du formateur : Les experts qui animent la formation sont des spécialistes des matières abordées et ont au minimum cinq ans d'expérience d'animation. Nos équipes ont validé à la fois leurs connaissances techniques (certifications le cas échéant) ainsi que leur compétence pédagogique.
- Suivi d'exécution : Une feuille d'émargement par demi-journée de présence est signée par tous les participants et le formateur.
- En fin de formation, le participant est invité à s'auto-évaluer sur l'atteinte des objectifs énoncés, et à répondre à un questionnaire de satisfaction qui sera ensuite étudié par nos équipes pédagogiques en vue de maintenir et d'améliorer la qualité de nos prestations.

Délais d'inscription :

- Vous pouvez vous inscrire sur l'une de nos sessions planifiées en inter-entreprises jusqu'à 5 jours ouvrés avant le début de la formation sous réserve de disponibilité de places et de labs le cas échéant.
- Votre place sera confirmée à la réception d'un devis ou "booking form" signé. Vous recevrez ensuite la convocation et les modalités d'accès en présentiel ou distanciel.
- Attention, si cette formation est éligible au Compte Personnel de Formation, vous devrez respecter un délai minimum et non négociable fixé à 11 jours ouvrés avant le début de la session pour vous inscrire via moncompteformation.gouv.fr.

Accueil des bénéficiaires :
