

ServiceNow Platform Analytics Fundamentals

Durée: 2 Jours **Réf de cours: SNPAF**

Résumé:

During this two-day interactive training course, attendees will learn best practices for using and administering the premium ServiceNow Platform Analytics application.

Public visé:

This course is designed for Platform Analytics Administrators and Power Users who plan to administer the Platform Analytics application. Service owners who plan to develop requirements and specifications for Indicator and Dashboard creation may also benefit from this course.

Pré-requis:

- Attendees should have completed the ServiceNow Fundamentals course and have some experience with ServiceNow; advanced experience is not necessary.
- A high-level overview of the Performance Analytics architecture, components, data flow, stakeholders, and deployment process is required to get the most out of the Platform Analytics Fundamentals class. New Platform Analytics users should complete the Performance Analytics Overview a self-paced, on-demand eLearning.
- SNF - ServiceNow Fundamentals
