
IBM Cognos Analytics: Enterprise Administration (V11.1.x)

Duration: 30 Days **Course Code: B6255G** **Delivery Method: e-Learning**

Overview:

This offering covers the fundamental concepts of installing and configuring IBM Cognos Analytics, and administering servers and content, in a distributed environment. In the course, participants will identify requirements for the installation and configuration of a distributed IBM Cognos Analytics software environment, implement security in the environment, and manage the server components. Students will also monitor and schedule tasks, create data sources, and manage and deploy content in the portal and IBM Cognos Administration.
