BRIM Service: Subscription Order Management

Cursusduur: 4 Dagen **Cursuscode: BR234** **Trainingsmethode: Maatwerk**

Beschrijving:

In this course you get an overview about the features of S/4HANA Service: Subscription Order Management in BRIM architecture. Learn in an educational system how to model subscription products and subscription product bundles. Run the following processes in business context: Subscription Order Creation , Subscription Contract Creation, Subscription Contract Change, Master Agreement Solution Quotation and Partner Agreement Creation. Integration in BRIM solution components SAP Convergent Charging for rating of usage data records and integration to Convergent Invoicing for creation of recurring fees, Billing and Invoicing is explained in the training. Integration of S/4HANA Service: Subscription Order Management into Sales Distribution and Service is explained as well. The industry example in the training is a configurable Cloud Selection Service which includes one time fee, recurring fee and usage components. The solution quotation product includes service, sales and subscription components.
