

## Cybersecurity Maturity Model Certification (CMMC) Foundations (PECB Certified) - Including Exam

**Cursusduur: 2 Dagen    Cursuscode: CMMC-F    Trainingsmethode: Virtual Learning**

### Beschrijving:

The PECB CMMC Foundations training course enables participants to understand the fundamental concepts, definitions, and approaches of the CMMC model.

The PECB CMMC Foundations training course allows you to learn more about the structure of the CMMC model, including CMMC levels, domains, and practices. You will also gain basic knowledge related to the CMMC ecosystem, the CMMC assessment process, and the CMMC Code of Professional Conduct.

The successful completion of the training course is followed by an exam. A PECB CMMC Foundations certificate demonstrates that you comprehend the CMMC model, are able to identify the requirements for CMMC levels, and have the basic knowledge to help an organization in implementing the CMMC requirements.

#### Virtueel en Klassikaal™

Virtueel en Klassikaal™ is een eenvoudig leerconcept en biedt een flexibele oplossing voor het volgen van een klassikale training. Met Virtueel en Klassikaal™ kunt u zelf beslissen of u een klassikale training virtueel (vanuit huis of kantoor) of fysiek op locatie wilt volgen. De keuze is aan u! Cursisten die virtueel deelnemen aan de training ontvangen voor aanvang van de training alle benodigde informatie om de training te kunnen volgen.

### Doelgroep:

This training course is intended for:

- Individuals interested in being part of the CMMC ecosystem
- Individuals seeking to gain knowledge about the CMMC model
- Individuals interested in using the CMMC model
- Suppliers of the Department of Defense (DoD) and Defense Industrial Base (DIB) and other organizations seeking CMMC certification

### Doelstelling:

- This training course allows you to:
  - Describe the basic concepts, definitions, and approaches of the CMMC model
  - Get acquainted with the CMMC levels, domains, and practices
  - Explain how CMMC model could be applied in the supply chain of the Department of Defense (DoD) and the Defense Industrial Base (DIB) sector

### Vereiste kennis en vaardigheden:

- There are no prerequisites to participate in this training course.

### Cursusinhoud:

Day 1: Introduction to the CMMC ecosystem and the CMMC model

Day 2: CMMC practices, assessment process, and code of professional conduct

### Extra informatie:

This training course is participant centered and:

- Contains lecture sessions illustrated with graphics, examples, and discussions
- Encourages interaction between participants by means of questions, suggestions, quizzes, etc.
- Includes quizzes which are a simulation of the questions of the final exam

---
