

Data & AI Strategy: From Roadmap to Implementation

Cursusduur: 2 Dagen Cursuscode: GK-AIS Trainingsmethode: Virtueel & Klassikaal

Beschrijving:

This 2-day workshop is your ticket to launching a solid data and AI strategy at your organization.

On the first day, you'll learn how to sketch out a roadmap, and build a strong foundation. You'll learn about Data & AI Strategy fundamentals, craft the essentials, and devise a strategic roadmap during engaging sessions and hands-on workshops.

On the second day, we'll teach you how to take initial implementation steps, engage stakeholders effectively, derive actionable insights, and plan ahead for future strides through immersive workshops and practical session. We'll also dive into using AI tools like ChatGPT to boost business efficiency.

After this training, you'll be equipped to get started right away!

Virtueel en Klassikaal[™]

Virtueel en Klassikaal[™] is een eenvoudig leerconcept en biedt een flexibele oplossing voor het volgen van een klassikale training. Met Virtueel en Klassikaal[™] kunt u zelf beslissen of u een klassikale training virtueel (vanuit huis of kantoor) of fysiek op locatie wilt volgen. De keuze is aan u! Cursisten die virtueel deelnemen aan de training ontvangen voor aanvang van de training alle benodigde informatie om de training te kunnen volgen.
