Build custom engine agents with the Microsoft 365 Agents SDK (MS-4015)

Cursusduur: 1 Dag   Cursuscode: M-MS4015

Beschrijving:

Build intelligent custom engine agents using the LLMs and AI components of your choice with the Microsoft 365 SDK
In this course, you'll learn how to build intelligent custom engine agents using the LLMs and AI components of your choice with the Microsoft 365 SDK. These custom engine agents can also be used to extend Microsoft 365 Copilot. This course has been created by Microsoft as a "Bring Your Own Environment" course, allowing individuals to use their personal devices and settings. If a student wants to complete the hands-on activities, the individual must bring their own CoPilot environment. Otherwise, demonstrations and lectures will be conducted by the instructor.
