

Omnissa Workspace ONE®: Configure and manage

Cursusduur: 5 Dagen Cursuscode: OMWS1CM Version: 22.x Trainingsmethode: Maatwerk

Beschrijving:

Master enterprise device management with Workspace ONE UEM

Delivered by an Omnissa Certified Instructor, the Workspace ONE: Configure and manage course equips IT professionals with the skills to deploy, manage, and secure devices, applications, and user access using Workspace ONE UEM across multiple platforms. Through a combination of hands-on labs, simulations, and interactive lectures, you will configure and manage the endpoint life cycle.
