

Security Awareness

Cursusduur: 1 Dag Cursuscode: SECAW

Beschrijving:

Security specialists often see users as the biggest threat to information security. In cases of data loss, users' behavior is often described as naive, casual and even malicious. No surprise, since in 87% of those cases users had not received any training. Skillssoft Global Knowledge's security awareness program teaches employees to become aware of common risks, what role they have and what their responsibilities are within the organization, when it comes to and information security. In this 1-day course you will identify and apply security techniques.

Doelgroep:

This course is intended for end users who use computers at home or in the office.

Doelstelling:

- | | |
|---|--|
| ■ Upon successful completion of this course, students will be able to: | ■ maintain the security of the files and folders stored on your computing devices. |

-

Vereiste kennis en vaardigheden:

■

Cursusinhoud:

Lesson 1: Securing Information

- Topic 1A: Examine Information Security
- Topic 1B: Implement Physical Security Measures
- Topic 1C: Examine Cyber Security

Lesson 2: Guarding Against Social Engineering Exploits

- Topic 2A: Identify Social Engineering Exploits
- Topic 2B: Counteract Social Engineering Exploits

Topic 2C: Evolve Social Engineering Organization Policies

Lesson 3: Identifying Security Measures

- Topic 3A: Strengthen Desktop Security
- Topic 3B: Strengthen Software Security
- Topic 3C: Strengthen Browser Security
- Topic 3D: Strengthen Network Security
- Topic 3E: Secure Wireless Networks
- Topic 3F: Strengthen Mobile Security

Lesson 4: Maintaining File System Security

- Topic 4A: Implement File System Security in Windows
- Topic 4B: Back Up and Restore Data
- Topic 4C: Dispose of Data Securely

Lesson 5: Guarding Against Attacks

- Topic 5A: Protect a Computer from Security Threats
- Topic 5B: Protect Computers from Virus Attacks
- Topic 5C: Protect Computers from Social Network Threats

Lesson 6: Handling Security Breaches

- Topic 6A: Identify Incidents
- Topic 6B: Respond to Incidents

Lesson 7: Identifying Cloud Computing And Virtualization Security Methods

- Topic 7A: Fundamentals of Cloud Computing
- Topic 7B: Fundamentals of Virtualization
- Appendix A: Security and Privacy Regulations
