
Sterling B2Bi Data Mapping and EDI Processing (X12)

Cursusduur: 4 Dagen Cursuscode: 6F151G Trainingsmethode: Virtual Learning

Beschrijving:

This course with lab introduces students to the Sterling B2B Integrator Map Editor, mapping, the Graphical Process Modeler, and inbound and outbound business processes. During the hands-on exercises, the students create maps and business processes, setup envelopes and adapters to process data to trade with the trading partners.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

Doelgroep:

Sterling B2B Integrator map developers, support, services, testers, and EDI end users

Doelstelling:

- After completing this course, students should be able to:
 - Describe the Sterling B2B Integrator and Map Editor
