
TMAP®: Quality for cross functional teams - Including Exam

Cursusduur: 3 Dagen Cursuscode: TESTTMAP

Beschrijving:

In de IT-wereld van vandaag wordt van cross-functionele teams verwacht dat zij business value leveren met kwaliteit op snelheid. TMAP ondersteunt quality engineering in deze nieuwe manier van werken aan "built in quality" en gaat verder dan testen. Deze 3-daagse TMAP®: Quality for cross-functional teams training biedt de leden van het high-performance IT delivery team (zoals DevOps of Scrum) de benodigde kennis en vaardigheden om kwaliteit in te bouwen in een IT-systeem. Het helpt hen ook om de informatie te verstrekken die nodig is voor de stakeholders om hun vertrouwen te vestigen dat de nagestreefde bedrijfswaarde wordt geleverd. Gericht op de leden van DevOps en Scrum teams.

Dit is een 3-daagse cursus, inclusief een 1 uur durend examen (examenvoucher)

In the IT-world of today cross-functional teams are expected to deliver business value with quality at speed. TMAP supports quality engineering in this new way of working on "built in quality" and goes beyond testing. This 3-day TMAP: Quality for cross-functional teams training course offers the members of the high-performance IT delivery team (such as DevOps or Scrum) the required knowledge and skills to build quality into an IT-system. It also helps them to provide the information needed for the stakeholders to establish their confidence that the pursued business value is delivered. Focusing on the members of DevOps and Scrum teams.

This is a 3-days course, including a 1-hour exam (exam-voucher)

Doelgroep:

This training course is for all people working in or with high-performance IT delivery teams (such as DevOps and Scrum). Relevant roles include business analysts, product owners, developers, operations people, quality engineers, testers, users, scrum masters, agile coaches, release train engineers, etc.

Vereiste kennis en vaardigheden:

For this training course basic knowledge of information technology, working in teams and an Agile way of working is required. There are no specific certifications required.
