SAP SuccessFactors Platform Introduction Academy

Duration: 5 Days **Course Code: THR80** **Delivery Method: Virtual Learning**

Overview:

This learning journey provides an overview of the basic configurations of the SAP SuccessFactors Platform tools and features. This 5-day course is taught through a combination of self-guided learning, check-in meetings, and hands-on exercises.This course covers configuration topics and tools that may not be accessible by the customer. Though the course is designed for consultants, customers are welcome to take the course if a deeper understanding of system configuration is desired. Customers should reference the customer-specific instructor-led and self-service (SFALC) offerings and become accredited via the SFX Accreditation program .Only registered SAP partner consultants will be provided with provisioning rights once they have been certified. Customers and independent consultants, even if certified, will not be provided with provisioning rights. There are no exceptions to this policy.Completion of this academy course does not result in certification. There is no certification for this topic.

Virtueel en Klassikaal™

Virtueel en Klassikaal™ is een eenvoudig leerconcept en biedt een flexibele oplossing voor het volgen van een klassikale training. Met Virtueel en Klassikaal™ kunt u zelf beslissen of u een klassikale training virtueel (vanuit huis of kantoor)of fysiek op locatie wilt volgen. De keuze is aan u! Cursisten die virtueel deelnemen aan de training ontvangen voor aanvang van de training alle benodigde informatie om de training te kunnen volgen.

Target Audience:

Application Consultant

Objectives:

- After completing this learning journey, consultants will be able to perform configurations with common platform tools, set-up permissions with RBP, configure the home page and People Profile, and add Picklists. Consultants will also be able to activate MDF objects, populate user data, use the Configuration Center, and describe the basics components of the SAP SuccessFactors HXM cloud suite.

Testing and Certification

Completion of this academy course does not result in certification. There is no certification for this topic.
