Beschrijving:

Deze VeriSM™ Foundation cursus leert de basisvaardigheden en kennis om individuen in staat stellen en deel te nemen aan een service organisatie, dit om waarde te leveren aan de consument.
VeriSM™ beschrijft een service management benadering vanuit het organisatieniveau, kijkend naar het end-to-end beeld in plaats van te focussen op een enkele afdeling. Gebaseerd op het VeriSM™ model, laat het organisaties zien hoe zij een reeks van management praktijken op een flexibele manier kunnen toepassen om het juiste product of dienst op het juiste moment aan hun klanten te leveren. VeriSM™ maakt een aanpak op maat mogelijk, afhankelijk van het type bedrijf, de grootte van uw organisatie, uw zakelijke professionals, uw organisatiecultuur, en zelfs de aard van het individuele project of de dienst waar u aan werkt.
The VeriSM™ Foundation certification builds the fundamental skills and knowledge enabling individuals to participate in a service organization and to deliver value to the consumer.
VeriSM™ describes a service management approach from the organizational level, looking at the end to end view rather than focusing on a single department. Based around the VeriSM™ model, it shows organizations how they can adopt a range of management practices in a flexible way to deliver the right product or service at the right time to their consumers. VeriSM™ allows a tailored approach depending upon the type of business you are in, the size of your organization, your business priorities, your organizational culture, and even the nature of the individual project or service you are working on. The VeriSM™ Foundation certification builds the fundamental skills and knowledge enabling individuals to participate in a service organization and to deliver value to the consumer. **V** alue-driven**E** volving**R** esponsive**I** ntegrated**S** ervice**M** anagement
