

SAFe® Product Owner/Product Manager (POPM) – Including Exam

Duration: 2 Days **Course Code: SAFE-PO**

Overview:

Develop the skillsets needed to guide the delivery of value in a Lean enterprise by becoming a SAFe® 5 Product Owner/Product Manager (POPM). During this two-day course, attendees gain an in-depth understanding of how to effectively perform their role in the Agile Release Train (ART) as it delivers value through Program Increments. Attendees explore how to apply Lean thinking to decompose Epics into Features and Stories, refine Features and Stories, manage Program and Team backlogs, and to plan and execute Iterations and Program Increments. Attendees also discover how the Continuous Delivery Pipeline and DevOps culture contribute to the relentless improvement of the ART.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.
