

ServiceNow Field Service Management (FSM) Implementation

Duration: 365 Days Course Code: SNFSMI

Overview:

ServiceNow® Field Service Management (FSM) helps companies efficiently manage location-based work tasks. Field Service Management Implementation focuses specifically on field service management applications and related functionality, most of which may be configured during an implementation using a low-code or no-code approach. Field Service Management Implementation provides practical skills to accelerate field service management implementations.

Target Audience:

The ServiceNow® Field Service Management Implementation course is for Customers, Partners, and Employees who implement features, functions, and data associated with field service management.
