

## Maximo Application Suite - Manage: Core Data Setup

Duration: 2 Days    Course Code: MAX4326G

### Overview:

This 1-day instructor led course provides students with an understanding of how to create a new Organization and Site in Maximo Manage and discuss the core options available in the Organizations application. They will also be able to create classifications and Location records. Students will learn about topics such as Multi-Organization strategy, GL Account setup and Organization Options. This course also has hands-on lab exercises using a Red Hat OpenShift Maximo Manage environment.

### Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

### Target Audience:

Consultants, System Administrators, Support, Sales, and Users

### Objectives:

- |                                                        |                                                          |
