

ISACA COBIT® Foundation - Including Exam

Duration: 3 Days **Course Code: COBF** **Version: 2019** **Delivery Method: Closed Events**

Overview:

COBIT® is a framework for the enterprise governance and management of information and technology (I&T) that supports enterprise goal achievement. This 2-day course highlights the concepts, models and key definitions of the COBIT framework and helps prepare learners to take the COBIT 2019 Foundation Exam. This COBIT 2019 Foundation training and exam covers eight key areas: **Framework introduction Principles Governance system and components Governance and management objectives Performance management Designing a tailored governance system Business case Implementation**

Certificate candidates explore COBIT 2019 concepts, principles and methodologies used to establish, enhance and maintain a system for effective governance and management of enterprise information technology. The exam will test a candidate's understanding of the topics and those that achieve a passing score on the COBIT 2019 Foundation exam receive the COBIT 2019 Foundation Certificate.
