

TOGAF® EA Training Bridge course

**Duration: 2 Days
Classroom**

Course Code: T-TEABR

Version: 10th Edition

Delivery Method: Virtual

Overview:

This TOGAF® EA Training Bridge Course is based on the latest version of TOGAF and will help you to prepare to take the TOGAF® Enterprise Architecture Bridge exam leading to the TOGAF® Enterprise Architecture Practitioner qualification. The TOGAF® Enterprise Architecture Practitioner certification provides validation that an individual has the knowledge, comprehension, and ability to analyze and apply the TOGAF® Standard to developing, sustaining, and using an Enterprise Architecture.

The learning objectives at this level focus on application and analysis in addition to knowledge and comprehension.

Candidates should be aware that this course includes all topics examinable but does not address these in detail and additional study is required.

Exam vouchers are included in the price of this course.

This TOGAF® EA Training Bridge course is accredited by The Open Group.

TOGAF® is a registered trademark of The Open Group.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

Target Audience:

Individuals who are TOGAF 9 Certified who wish to leverage their existing knowledge and update their qualifications.

Objectives:

- By the end of this course delegates will have gained an understanding of:
 - The key changes in the TOGAF Standard
 - The context within which an Enterprise Architecture practitioner must operate
 - How to implement The Architecture and Development Method (ADM)
 - How to implement Architecture change management
 - How to apply the stakeholder management technique
 - How to support the ADM work

Prerequisites:

- Delegates must be TOGAF 9 certified

Testing and Certification

- The course prepares candidates for sitting the TOGAF Enterprise Architecture Bridge Exam
- The exam is in 2 parts taken at one sitting. Part 1 is a closed book multiple choice exam (20 minutes). Part 2 is open-book format using an online version of the TOGAF Enterprise Architecture Body of Knowledge, and includes 4 scenario based multiple-choice questions (40 minutes).
- The passing score is 60% (18 out of 30 points)
- An examination voucher is provided as part of this course, delegates are required to self register at a time and location that is convenient to themselves.

Follow-on-Courses:

■ Global Knowledge offers a wide range of skills training to support the ongoing professional development of Enterprise Architects

Content:

The course includes all learning points examinable in the TOGAF Enterprise Architecture Bridge Exam.

This course includes the TOGAF Enterprise Architecture Practitioner Learning Studies as a mandatory element of the training. Delegates who pass the TOGAF Enterprise Architecture Bridge Exam and successfully complete the Learning Studies can earn The Open Group Certified: Applied TOGAF Enterprise Architecture Practitioner Open Badge.
