BRMS for IBM i

Duration: 5 Days   Course Code: AS28G   Delivery Method: Company Event

Overview:

Backup and recovery knowing how to do it is not optional! Learn once and never forget how to use BRMS to do regular and ad-hoc backups, recovery, and offsite tape backups.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.

Target Audience:

iSeries Operations staff who are responsible for the configuration and management of iSeries Backup and Recovery, especially those implementing BRMS/400.

Objectives:

- On completion, you will be able to :

- Setup BRMS to do both regular and ad-hoc backups.

- Recover the entire system (or parts thereof).

- Use BRMS Media Management to move tape volumes to offsite locations.

- Run Daily Maintenance routines and to manage an IBM Automated Tape Library.

Prerequisites:

Students must be familiar with standard OS/400 Save/Restore facilities and have attended the courses AS24 and OL51 or have equivalent education and experience.
