

Mock 1-2-1 Exam for the BCS Oral Examination in Business Analysis

Duration: 1 Day Course Code: BAME Delivery Method: Virtual Learning

Overview:

This mock exam is the ideal practice run for the BCS Oral Examination in Business Analysis.

One of our Business Analysis trainers (who is also an experienced examiner) will ask you the sort of questions you will be asked in the actual oral exam, allowing you to test your knowledge and understanding. Afterwards, they will talk you through how you performed, giving invaluable feedback and helping you identify topics that need your attention.

The mock exam can be scheduled at a time to suit you, subject to trainer availability. A highly effective way to practise performing under pressure, and boost your chance of success.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.
