SAP BW/4HANA Data Warehousing

Duration: 5 Days   Course Code: BW410   Delivery Method: Company Event

Overview:

The course introduces SAP BW/4HANA and supports the development of foundation knowledge. InfoProviders such as DataStore Objects (advanced), Open ODS Views and CompositeProviders are explained and created. Data Extraction and Provisioning is executed with Operational Data Provisioning Framework (ODP) and loading from Flat File. Native SAP HANA data models are introduced and combined with SAP BW/4HANA data models.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.
