

## Understanding Cisco Contact Center Enterprise Foundations

Duration: 1 Day    Course Code: CCEF    Version: 1.0    Delivery Method: Company Event

### Overview:

The **Understanding Cisco Contact Center Enterprise Foundations (CCEF)** course gives you an overview of the Cisco® Packaged Contact Center Enterprise (PCCE) and Unified Contact Center Enterprise solutions. You will gain an understanding of contact center basics and describe the available Cisco contact center solutions and intended target customers. You will also focus on the Cisco Contact Center Enterprise (CCE) family of products and explore key features and functionality of the solution including architecture, major system components, and tools used for administration and reporting. This course is the foundation for additional courses required to deploy, configure, support, and troubleshoot Cisco CCE solutions.

### Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.

### Target Audience:

Anyone requiring an understanding of the Cisco Contact Center Enterprise solution

### Objectives:

- After completing this course, you should be able to:
  - Describe how calls flow through PCCE using appropriate terms and naming conventions
- Provide a high-level overview of the Cisco Contact Center portfolio
  - Introduce the tools used in the configuration, scripting, reporting and support of a PCCE deployment
- List the key components within the Packaged Contact Center Enterprise (PCCE) architecture and their functions
  - Identify advanced features available within the PCCE solution

### Prerequisites:

#### Attendees should meet the following prerequisites:

- Basic knowledge of networking (Windows Active Directory, SQL) and components (servers, routers, switch) is helpful but not required
- Working knowledge of Unified Communications Manager and Voice Gateways
- Basic understanding of IP networks
- CCNA - Implementing and Administering Cisco Solutions
- CLFNDU - Understanding Cisco Collaboration Foundations

### Testing and Certification

#### Recommended as preparation for the following exams:

- There is no exam currently aligned to this course

### Follow-on-Courses:

- CCEA - Administering Cisco Contact Center Enterprise
- CCEAA - Administering Advanced Cisco Contact Center Enterprise
- CCER - Reporting Cisco Contact Center Enterprise

## Content:

### Introduction to CCE

- Cisco Contact Center Basics
- Cisco Contact Center Fundamentals
- Fundamentals

### Functionality of CCCE Components

- Public Switched Telephone Network (PSTN) and Voice Gateways
- Cisco Unified Border Element (CUBE)

### Terms and Naming Conventions Used in CCE

- CCE Access Environment
- CCE Routing Configuration

### Access Tools Available in CCE

- Single Pane of Glass (SPOG)
- Cisco Intelligent Contact Management (ICM) Configuration Manager

### Discovering CCE Features Beyond Default

- Agent Management
- Agent Efficiency

### Labs

- This class does not have any labs.
