EC-Council Certified Cybersecurity Technician (CCT) + Exam voucher

Duration: 5 Days   **Course Code: ECCT**   **Delivery Method: Company Event**

Overview:

CCT is an entry-level cybersecurity program that is engineered by the creators of the Certified Ethical Hacker program to respond to the global need and demand for cybersecurity technicians.
CCT develops foundational multi-disciplinary cybersecurity skills across network defense, ethical hacking, digital forensics, and security operations to kickstart a cybersecurity career.
The CCT certification/credential is obtained through a comprehensive performance-based exam that combines live cyber range activities with a variety of knowledge assessments proving a grasp of both the knowledge and applied skills required to be successful in a cyber technician role.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.
