Customizing Additional Topics in SAP Extended Warehouse Management

Duration: 4 Days   Course Code: EWM120   Delivery Method: Virtual Learning

Overview:

The course builds on the knowledge of the basic customizing you have acquired in EWM110.
In this course you will learn about more complex processes in SAP Extended Warehouse Management and their settings.
This course also includes information about the differences between de- centralized EWM and S/4HANA embedded EWM.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.
