

AI in Leadership – 1 day introduction

Duration: 1 Day **Course Code: FS-AISL** **Delivery Method: Company Event**

Overview:

The AI Leadership Programme that equips leaders at all levels to lead confidently, ethically, and effectively in an AI-powered world. This unique collaboration combines Skillsoft's scale and AI expertise with FabricShift's deep specialism in leadership, behavioural science, and neuroscience-based habit change.

Course highlights:

- Leaders who align their behaviours with organisational strategy and values
- Tangible improvements in accountability, inclusion, and collaboration across teams
- Daily leadership habits tracked, measured, and sustained
- Clear, data-informed evaluation through HabiTrack[™] and FabricIndex[™]
- A culture of innovation and performance shaped by leaders at every level

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.

Target Audience:

- Leaders and managers across enterprise functions who are shaping AI strategy, governance, or implementation
 - Leaders in finance, operations, risk, HR, and innovation and other functions who must make decisions in AI-powered systems
 - Team leads, middle managers, senior leaders, board members, C-suite executives and all leaders and managers looking to futureproof their leadership in the AI era
-

Objectives:

- This is an introductory course for leaders and managers who want to understand how to embed AI into their organisation. It provides a 1-day foundation and prepares you as a leader to:
 - Lead blended teams of human and AI agents
 - Embed behaviour change through practical, daily leadership habits
 - Make ethical, commercially sound decisions about AI
 - Champion innovation and AI deployment in complex systems
-

Prerequisites:

- None
-

Content:

1. AI Readiness Assessment	Programme modules build sequentially:	5. Habitrack
A 15-minute digital diagnostic assessing AI fluency, confidence, and role relevance.	Accountable Owner: Setting the guardrails for ethical AI strategy	Our behavioural habit-tracking platform reinforces action in-role, surfacing what's working and where support is needed.
2. Pre-Work ; eLearning	Decision Maker: Evaluating AI proposals for value, risk, and ROI	6. Evaluation ; Impact Reporting
Engaging, practical modules that contextualise AI for leadership. Covers ethics, governance, strategic opportunity, and practical use cases.	Implementer: Delivering AI inclusively, reducing bias, and leading blended teams Includes AI tools, live case work, peer critique, and system-level framing.	Reviewing impact of programme for you in your role as a leader, in leading a team of AI and human talent.
3. AI Leadership Lab	4. Reflection ; Coaching (6 weeks post)	
A full immersive, virtual 1 day leadership session for up to 25 leaders. Facilitated by a dual expert team, AI strategist + leadership facilitator.	Small-group facilitated session to reflect on habit progress, apply learning and sustain momentum.	

Additional Information:

HabitTrack™ Access

All participants receive access to HabitTrack™ for the duration of the programme + 6 months after. This digital tool supports habit formation through daily tracking, reflection, and peer feedback. It is accessible as a standalone platform or can be integrated with Microsoft Teams, Zoom, or Slack.

E-learning

Optional e-learning modules are available either via SCORM packages for LMS integration or through Skillsoft's Percipio platform (if licensed by the client).

About FabricShift & this course:

At FabricShift, we go beyond traditional training and knowledge acquisition to create lasting behaviour change. Our habit-based methodology empowers leaders to align daily actions with strategic goals, making development both practical and sustainable.

The **AI in Leadership Course** is designed to embed behaviour change through interactive, facilitator-led workshops, structured reflection, and the HabitTrack™ platform for habit formation - a 60-day process that reinforces new habits through daily tracking, peer feedback, and real-world application. With coaching, reflection, and practical support built in, leaders are equipped not just to learn but to lead differently, ensuring new ways of thinking and leading take root and create lasting impact.

With this FabricShift course, leaders can expect to:

Build leadership habits that stick, using HabitTrack™ to reinforce daily actions aligned with strategic goals

Apply learning to real-world challenges gaining confidence in the specific course-skills and areas

Develop deeper self-awareness, supported by reflection, peer feedback, and structured coaching

Lead with curiosity and adaptability, embedding ethical, inclusive, and **future-focused approaches to AI integration**

Track progress and impact over time, using behavioural insights and habit data to measure learning and impact on leaders' business outcomes
