Exam Readiness Intensive Workshop: AWS Certified Solutions Architect - Associate

Duration: 5 Days   Course Code: GK4502-ER

Overview:

Do you want to earn your AWS Certified Solutions Architect - Associate certification but haven't had the time to get ready? Our five-day, instructor-led classroom course, *Exam Readiness Intensive Workshop: AWS Certified Solutions Architect - Associate* , lets you get away from the day-to-day and focus on preparing for the exam. Recommended for cloud architects with at least six to 12 months of AWS experience, this course combines training and exam readiness with service deep-dives and quizzes exclusive to this course.

Target Audience:

This course is intended for:
Individuals who want to earn an AWS Certified Solutions Architect - Associate certification
Individuals who want an instructor-led course to help them focus on preparing for their certification exam
Customers and APN Partners who have six to 12 months of experience with AWS including a strong architecture background and experience
Individuals in roles such as solutions architect and cloud architect who are designing services or architectures in the AWS Cloud
Individuals who have not taken *Architecting on AWS* in approximately the last six months

Objectives:

- In this course, you will learn to:

- Make architectural decisions based on AWS architectural principles and best practices

- Leverage AWS services to make your infrastructure scalable, reliable, and highly available

- Leverage AWS Managed Services to enable greater flexibility and resiliency in an infrastructure

- Make an AWS-based infrastructure more efficient to increase performance and reduce costs

- Use the Well-Architected Framework to improve architectures with AWS solutions

- Navigate the logistics of the examination process, exam structure, and question types

- Identify how questions relate to AWS architectural concepts

- Interpret the concepts being tested by an exam question

Testing and Certification

- AWS Certified Solutions Architect - Associate
- AWS Certified Cloud Practitioner

Additional Information:

Activities

This course includes presentations, hands-on labs, exam readiness techniques, videos, a practice exam, and quizzes.
