

## Principles of SAP Governance, Risk and Compliance

**Duration: 2 Days    Course Code: GRC100    Delivery Method: Virtual Learning**

---

### Overview:

This course provides both an overview of the SAP Governance, Risk and Compliance (GRC) solution portfolio and foundational knowledge for SAP Governance, Risk and Compliance (GRC) 12.0. By gaining familiarity with this solution's harmonized navigation, common functions, shared master data, and the harmonized reporting framework, you will be better able to get the most value out of using the integrated applications in SAP GRC.

### Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.
