
ClearPass Essentials

Duration: 5 Days Course Code: H0LJ7S Version: 6.5

Overview:

The ClearPass Essentials 6.5 instructor led course provides participants with a foundation in Network Access Control using the ClearPass product portfolio. This 5-day classroom session includes both modules and labs covering major features of the ClearPass portfolio. Students will learn how to set up ClearPass as a AAA server and configure the Policy Manager, Guest, OnGuard, and OnBoard feature sets. In addition, the content will cover integration with external Active Directory servers, Monitoring, and Reporting, as well as deployment best practices.

Target Audience:

This class prepares students for the Aruba Certified ClearPass Professional (ACCP) examination.

Prerequisites:

Before attending this course, students must have:

- Familiarity with Network Standards, basic routing and switching knowledge, RADIUS, 802.1X, and AAA experience.
-

Content:

Module 1: Introduction to ClearPass	Module 4: Guest	Module 7: Posture
Module 2: ClearPass for AAA	Module 5: OnBoard	Module 8: Operations and Admin Users
Module 3: External Authentication	Module 6: Endpoint Analysis	Module 9: Clustering and Redundancy
