

Hybrid ASE Bootcamp Designing HPE Hybrid IT Solutions and HPE OneView

Duration: 4 Days Course Code: H61U6S Delivery Method: Virtual Learning

Overview:

The Hybrid ASE Bootcamp: Designing HPE Hybrid IT Solutions and HPE OneView teaches students the intermediate level skills to plan, design, recommend, and demonstrate HPE Hybrid IT solutions and deliver a proof of concept for a given solution to a customer. The course includes lectures and activities. Activities include sizing exercises using tools available from sources such as the HPE Partner Portal and exercises using HPE emulators. This bootcamp also teaches the HPE OneView 6.X infrastructure management solution. It is the supporting training course for the exam requirement in the certification, HPE Product Certified – HPE OneView [2021]. The HPE OneView Product Certification requires knowledge of all aspects of HPE OneView management, including: • The HPE OneView ecosystem, including integration points and basics of REST API and PowerShell scripting • The HPE OneView installation process (appliance and HPE Composer) and initial setup • Connectivity management using HPE OneView • Storage management using HPE OneView • Server/frame/enclosure management using HPE OneView • Server profile management using HPE OneView • Security and data center management using HPE OneView • Basic troubleshooting and maintenance procedures for HPE OneView • Integration plug-ins • How to recommend and demonstrate This bootcamp includes one HPE0 exam voucher and one HPE2 exam voucher.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.
