

HPE BladeSystem Administration

Duration: 3 Days **Course Code: HE646S** **Delivery Method: Virtual Learning**

Overview:

This course provides instruction on HPE BladeSystem administration and management. The portfolio overview ensures an understanding of components, configurations, and solutions. The course also covers resources and administration related to retired HPE c-Class BladeSystem products.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

Target Audience:

System administrators, engineers and consultants who install, manage, and monitor the HPE BladeSystem c-Class environment
