

ISO 31000 Risk Management Foundation (PECB Certified) - Including Exam

Duration: 2 Days Course Code: ISO31000F Delivery Method: Company Event

Overview:

The ISO 31000 Foundation training course presents the basic principles and approaches of managing risks and opportunities based on the guidelines of ISO 31000. This training course focuses on the main components of ISO 31000: basic terms and definitions, principles of risk management, risk management framework, and risk management process. In addition, each step of the risk management process is analyzed and elaborated individually.

Upon completion of the training course, you can sit for the exam and apply to obtain the "PECB Certificate Holder in ISO 31000 Foundation" designation. The certificate demonstrates that you understand the fundamental concepts of risk and methodologies for risk management based on the guidelines of ISO 31000.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.

Target Audience:

- Risk management professionals

- Individuals seeking to gain knowledge about the ISO 31000 guidelines for risk management principles, framework, and process
- Individuals responsible for the creation and protection of value in an organization
- Personnel tasked with managing the risks and opportunities in their area of responsibility
- Individuals interested to pursue a career as a risk manager

Objectives:

- **Upon successful completion of this training course, the participants will be able to:**
- Summarize the main concepts and principles of risk management as articulated in ISO 31000
- Explain the ISO 31000 guidelines for establishing the risk management framework
- Describe the application of the risk management process in accordance with ISO 31000 guidelines

Prerequisites:

- There are no prerequisites to participate in this training course.

Testing and Certification

The exam fully meets the requirements of the PECB Examination and Certificate Programme. It covers the following competency domains:

- **Domain 1:** Fundamental principles and concepts of risk management
- **Domain 2:** Risk management framework and risk management process

First, a candidate needs to complete the PECB ISO 31000 Foundation training course. Then, they need to take the exam and after successfully passing the exam, candidates will be able to apply for the "PECB Certificate Holder in ISO 31000 Foundation" certificate. This is an entry-level credential.

There are no prerequisites on professional or management system project experience required. Thus, following the training course, passing the exam and applying for the certificate are the only certificate program requisites that certificate holders shall meet before obtaining the certificate.

The certificate requirements for **ISO 31000 Foundation** are:

- **Designation:** PECB Certificate Holder in ISO 31000 Foundation
- **Training Course:** Complete the PECB ISO 31000 Foundation Training Course
- **Exam:** Pass the PECB ISO 31000 Foundation exam
- **Professional experience:** None
