

ISO 9001 Lead Auditor Training (PECB certified) + exam

Duration: 4 Days Course Code: ISO9001LA Version: 9.0

Overview:

The PECB ISO 9001 Lead Auditor training course enables you to develop the necessary competence to perform quality management system (QMS) audits by applying widely recognized audit principles, procedures, and techniques. This training course combines the requirements of ISO/IEC 17021-1, the recommendations of ISO 19011, and other good practices of auditing and integrates them into a comprehensive methodology which enables you to successfully plan, conduct, and close ISO 9001 conformity assessment audits.

Apart from a theoretical basis, the training course also provides examples, exercises, and quizzes to help you practice the most important aspects of conformity assessment audits: interpretation of ISO 9001 requirements in the context of an audit, principles of auditing, application of audit methods, approaches to evidence collection and verification, leading an audit team, drafting nonconformity reports, and preparing the final audit report.

The successful completion of the training course is followed by an exam. If you successfully pass the exam, you can apply for the "PECB Certified ISO 9001 Lead Auditor" credential. An [UKAS](#) accredited and internationally recognized "PECB ISO 9001 Lead Auditor" certificate validates your professional capabilities and demonstrates that you have the knowledge and skills to audit a QMS based on ISO 9001.
