

Azure Network Engineer Exam Prep (AZ-700)

Duration: 2 Days **Course Code: M-AZ700EP**

Overview:

You already completed the preparation course and activated your achievement badge for this course. Now you want to know if you are ready for the exam. Microsoft creates exams based on real world scenarios. These are not necessarily covered in the preparation course you did. This 2-day exam preparation training will help you to complete your study for certification. During the first day you will run through a selection of hands-on labs guided by a trainer. The second day you will be prepared for the actual exam with practice tests.

Target Audience:

You have completed a course on Microsoft LEARN or attended a (virtual) classroom training and now you want to get certified. Microsoft Partners who want to fit into the Microsoft Cloud Partner Program (MCPP) may be interested in this exam prep course

Objectives:

- You will be best prepared for the actual exam.

Prerequisites:

You should already have a completion badge of this course.

- M-AZ700 - Designing and Implementing Microsoft Azure Networking Solutions (AZ-700)

Testing and Certification

AZ-700

Content:

Trainer guided hands on labs

Practice exam

Trainer guided practice exam

Exam – you will not do the exam during the course
