
Cisco Webex Teams Collaboration Workshop

Duration: 3 Days Course Code: N1_WXTW

Overview:

WXTX (Cisco Webex Teams Workshop) is a 3-day class focused around Cisco Webex Teams, an app-centric, cloud-based service that provides a complete collaboration suite for teams to create, meet, message, call, care, whiteboard, and share, regardless of whether they're together or apart—in one continuous work stream before, during, and after meetings. Being able to understand how this works and what the features are is the key focus of this course. NterOne's Webex Teams training should be taken by students who have a working understanding of Cisco Collaboration Products. This Cisco Webex Teams Training will help students be able to describe Cisco Webex Teams, comprehend Cisco Webex Teams Meetings, and grasp Cisco Webex Teams Messaging, among much more. This course is intended to be taken by system engineers, system administrators, architects, and channel partners.
