

PRINCE2 Agile® Practitioner - Including Exam

Duration: 2 Days **Course Code: P2A** **Delivery Method: Virtual Learning**

Overview:

PRINCE2 Agile® is the world's most complete project management solution, combining the flexibility and responsiveness of agile with the clearly defined framework of PRINCE2®. PRINCE2 Agile® has been created for those organisations and individuals who use PRINCE2® but recognise the benefits of applying agile methods. It provides guidance on how to practically apply both PRINCE2® and agile, reducing conflict and implementing effectively.

This two day Practitioner course helps prepare you for the Practitioner exam which will assess your ability to apply understanding of the PRINCE2 Agile® project management method.

Virtual Learning

This interactive training can be taken from any location, your office or home and is delivered by a trainer. This training does not have any delegates in the class with the instructor, since all delegates are virtually connected. Virtual delegates do not travel to this course, Global Knowledge will send you all the information needed before the start of the course and you can test the logins.

Target Audience:

PRINCE2 Agile® Foundation has been developed for anyone who delivers projects, large or small, in an agile context. It is a valuable training and certification scheme for anyone working within an agile project environment, whether they be a project manager, project support or part of the wider project team.

Objectives:

- **After you complete this course you will be able to:**
- Tailor PRINCE2® to work in the best way possible in an agile context.
- Blend and weave the principles, processes and themes of PRINCE2® with many of the common ways of working in an agile way.
- Configure PRINCE2® when in different situations and to incorporate the agile frameworks, behaviours, concepts and techniques in the best way possible to increase the chances of successful project delivery.

Prerequisites:

Attendees should meet the following prerequisites:

- Candidates can sit PRINCE2 Agile® Practitioner if they hold any of the following project management certifications: PRINCE2® Foundation, PRINCE2 Agile® Foundation, Project Management Professional (PMP)*, Certified Associate in Project Management (CAPM)* and IMPA Levels A,B, C and D (Certified Project Director).
