Business Processes in SAP S/4HANA Portfolio and Project Management

Duration: 5 Days **Course Code: S4125** **Delivery Method: Company Event**

Overview:

This course introduces you to the key business processes within the SAP S/4HANA Portfolio and Project Management (PPM) applications. Through instructor lectures and demonstrations balanced with extensive system exercises you will gain a thorough understanding of how SAP S/4HANA Portfolio and Project Management (PPM) can support the management of simple and complex projects within your organization. You will also learn the most important configuration settings and be able to configure SAP Portfolio and Project Management (PPM) in the system afterwards.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.
