

Oracle R12 Advanced Collections

Duration: 1 Day **Course Code: FACR12** **Delivery Method: Company Event**

Overview:

The Oracle R12 Advanced Collections course provides a thorough introduction to using the Dunning based Collections method provided by Oracle R12 Advanced Collections. Delegates will learn the key steps involved in the configuration of Oracle R12 Advanced Collections together with its use in day to day operations.

Company Events

These events can be delivered exclusively for your company at our locations or yours, specifically for your delegates and your needs. The Company Events can be tailored or standard course deliveries.

Target Audience:

This course is suitable for credit control managers and staff, finance staff or those who provide support to them such as systems administrators. The Oracle R12 Advanced Collections course is suitable for Oracle customers who have upgraded from Oracle Financials 11i and who therefore wish to learn about the Dunning-based approach to credit control available to them through R12 Advanced Collections.

Objectives:

- By the end of this Oracle R12 Advanced Collections course delegates will be able to differentiate between the two key Collections methods. They will be able to identify, review and update key set up steps for Dunning-based credit control. They will be able to carry out day to day administrative tasks for Dunning-based Collections, as well as the range of Collections Agent user tasks, including running reports and reviewing customer metrics.
-

Prerequisites:

A good understanding of the Receivables function within the delegates' own organisation is required together with an appreciation of the approach to credit controlling that the organisation is currently using.

Follow-on-Courses:

- Oracle R12 Accounts Receivable Setup & Management (FARSMR12)
 - Oracle R12 General Ledger Setup & Management (FGLSMR12)
-

Content:

Oracle R12 Advanced Collections Training Course Course Contents - DAY 1

Course Introduction

- Administration and Course Materials
- Course Structure and Agenda
- Delegate and Trainer Introductions
