
Mobility & Devices Fundamentals: MTA Exam 98-368

Duration: 3 Days **Course Code: M40368** **Version: A**

Overview:

This three-day MTA Training course helps you prepare for Microsoft Technology Associate Exam 98-368, and build an understanding of these topics: Device configurations, data access and management, device security, cloud services, and enterprise mobility.

Target Audience:

The Microsoft Technology Associate (MTA) is Microsoft's newest suite of technology certification exams that validate fundamental knowledge needed to begin building a career using Microsoft technologies. This program provides an appropriate entry point to a future career in technology and assumes some hands-on experience or training but does not assume on-the-job experience.

Objectives:

- Understand device configurations
 - Understand data access and management
 - Understand device security
 - Understand cloud services
 - Understand enterprise mobility
-

Content:

Module 1: Understanding Device Configurations

- Configuring Device Options
- Configuring Desktop Settings
- Configuring Drive Encryption
- Configuring Updates

Module 2: Understanding Data Access and Management

- Understanding Cloud Storage Services
- Understanding Local Storage
- Understanding File Systems
- Understanding File and Print Sharing
- Understanding Data Encryption

Module 3: Understand Device Security

- Understanding the Differences Between the Internet, an Intranet, and an Extranet
- Understanding User Authentication
- Understanding Permissions
- Understanding Malware

Module 4: Understanding Cloud Services

- Understanding the Types of Cloud Services
- Understanding Microsoft Intune
- Understanding Microsoft Intune Capabilities
- Understanding Microsoft Azure
- Understanding Virtual Machines
- Understanding Disaster Recovery, High Availability, Redundancy, and Fault Tolerance

Module 5: Understanding Enterprise Mobility

- Understanding Identity Services
 - Understanding Business Data Access
 - Understanding Bring Your Own Device (BYOD)
-

Additional Information:

To help you prepare for this exam, Microsoft recommends that you have hands-on experience with the product and that you use the specified training resources. These training resources do not necessarily cover all topics listed in the "Skills measured" section.
