

SCRUM Master

Duration: 2 Days **Course Code: SCRUM-M**

Overview:

The ScrumMaster performs a vital role within the Scrum framework: coaching the Scrum team; ensuring effective team dynamics and cross-functional collaborative working; and enabling the team to focus without distraction from impediments and outside interruptions. The ScrumMaster training course employs practical exercises, case studies and discussions to provide everything that a ScrumMaster needs to know to be able to drive a successful Scrum Project.

Target Audience:

The ScrumMaster training course will benefit anyone who may perform the role of ScrumMaster or is to be involved in a Scrum Team, in any of the Scrum roles. The course is also suitable for those acting as coaches or consultants in transitioning an organisation to Scrum and anyone else looking to gain ScrumMaster Certification.

Objectives:

- Thorough understanding of the Scrum Development and Planning processes
 - Achieve the designation of Certified ScrumMaster
 - The ability to be able to drive a scrum team through a project
 -
-

Prerequisites:

-

Testing and Certification

Participants can make the PSM (Professional Scrum Master) certification online within 2 weeks after the course. The exam is included in the course price.
