ISACA COBIT® Foundation incl QAE

Duration: 2 Days Course Code: COBF Version: 2019

Overview:

COBIT ® is a framework for the enterprise governance and management of information and technology (I&T) that supports enterprise goal achievement. This 2-day course highlights the concepts, models and key definitions of the COBIT framework and helps prepare learners to take the COBIT 2019 Foundation Exam. This COBIT 2019 Foundation training and exam covers eight key areas: Framework introductionPrinciplesGovernance system and componentsGovernance and management objectivesPerformance managementDesigning a tailored governance systemBusiness case Implementation
Certificate candidates explore COBIT 2019 concepts, principles and methodologies used to establish, enhance and maintain a system for effective governance and management of enterprise information technology. The exam will test a candidate's understanding of the topics and those that achieve a passing score on the COBIT 2019 Foundation exam receive the COBIT 2019 Foundation Certificate.
Please note :
"The exam is not included with the course. However, the exam voucher can be purchased separately when attending the associated training"
The exam voucher is available only to GK course attendees and cannot be purchased as a standalone product
