

Citrix Virtual Apps and Desktops 7 Administration On-Premises and in Citrix Cloud

Duration: 5 Days **Course Code: CWS-215**

Overview:

If you are new to Citrix or if you are planning a move to Citrix Cloud, this course is a necessary step in enabling you with the right training and skills to manage and deploy Citrix Workspace successfully. This foundational administration course covers the aspects of installing, configuring and managing a Citrix Virtual Apps and Desktops 7 environment, how to manage an on-premises Citrix solution and migrate from an on-premises solution to cloud using the Citrix Cloud management plane.

This five-day course will teach you how to deploy, install, configure, setup profile management, configure policies, printing and basic security features for on-premises Virtual Apps and Desktop solution building, and then migrating to Citrix Cloud.

Objectives:

- Gain foundational knowledge of Citrix Virtual Apps and Desktops 7
 - Identify the considerations between Citrix Virtual Apps and Desktops on-premises and the Citrix Virtual Apps and Desktops Service
 - How to install, configure, and manage a Citrix Virtual Apps and Desktops 7 site and Cloud connectors
 - How to deliver app and desktop resources
-

Content:

- | | | |
|--|---|---|
