

ITIL® 4 Leader: Digital and IT Strategy + examen

Cursusduur: 3 Dagen Cursuscode: ITIL4DITS

Beschrijving:

De ITIL® 4 Leader: Digital and IT Strategy (DITS) training biedt richtlijnen over hoe strategie van invloed moet zijn op het design, delivery en support van services in het gehele service value chain van een organisatie.

Deze cursus tilt de discussie rond ITIL-concepten naar een bedrijfsstrategieniveau, door IT- en digitale leiders in staat te stellen strategische zakelijke beslissingen te beïnvloeden en te sturen. Dit door een geschikte digitale strategie te creëren die is afgestemd op de bredere organisatie-overkoepelende doelen. Deze ITIL-training is daarom gericht op IT- en bedrijfsdirecteuren, afdelingshoofden, aankomende C-Suite professionals en andere senior bedrijfsleiders die een organisatie strategisch willen positioneren ten opzichte van digital disruptors, een digitale visie willen ontwikkelen en een robuuste digitale strategie willen bouwen voor groei op lange termijn.

De deelnemers zullen uitgebreide kennis opdoen over hoe en wanneer technologische innovatie kan bijdragen tot organisatorisch succes en wanneer het onnodige lagen van complexiteit en risico's kan toevoegen, zodat ze in staat zijn om legacy effectief in evenwicht te brengen met nieuwe manieren van werken.

>

The ITIL® 4 Leader: Digital and IT Strategy (DITS) training provides guidance on how strategy should impact the design, delivery, and support of services throughout the service value chain of an organisation.

This course elevates the discussion around ITIL concepts to a corporate strategy level, by enabling IT and digital leaders to influence and drive strategic business decisions, by creating an appropriate digital strategy aligned to the wider cross-organisational goals. This ITIL training is therefore aimed towards IT and business directors, heads of department, aspiring C-Suite professionals and other senior business leaders who want to strategically position an organisation against digital disruptors, craft a digital vision and build a robust digital strategy for long term growth.

Candidates will gain extensive knowledge on how and when technological innovation can help drive organisational success, and when it can add unnecessary layers of complexity and risk, enabling them to balance legacy with new ways of working effectively.
