## ITIL® Service Lifecycle: Service Strategy

**Duration: 3 Days**    **Course Code: LSS**

---

### Overview:

The course builds on the principles covered as part of the ITIL Foundation course and is aligned to the 2011 syllabus. It focuses on the lifecycle aspects of Service Strategy. The course covers the management and control of the activities and techniques within the Service Strategy stage of the lifecycle but not the detail of each of the supporting processes. Lower level details of the processes from Service Strategy are mostly covered in the Service Offering and Agreements capability course. Additionally the course looks at the concept of Service Strategy as a practice and at the interfaces between Service Strategy and the other stages of the ITIL Service Lifecycle.

---

### Target Audience:

This course is primarily for IT Managers and Practitioners involved in the strategy, design, and implementation and on-going support and delivery of business IT services and those interfacing with information systems who require an insight into Service Management best practice. This may include Business Analysts, Business Relationship Managers, Project and Programme staff.

---

### Objectives:

- How to design, develop, and implement service management not only as an organisational capability but also as a strategic asset.
